

ARBEE

STAMPING ARBEE 1987
USGS QUAD MAP CANYON VILLAGE (1986)
NGS PID PY0856

LATITUDE 44.63062
LONGITUDE -110.43916
ELEVATION 2386 m

DATE OF DESCRIPTION 2003

DESCRIPTION The station is located about 10.1 km (6.25 mi) north of Fishing Bridge junction along the Lake-Canyon highway, about 0.56 km (0.35 mi) north of a pull-over at Sulphur Cauldron in a range of sage brush north-northeast of a sign for the Hayden Valley Lakebed, at a parking area and about 2.0 m (6.6 ft) below the level of the parking area. The station is an NGS 3d station, a punch mark on the top of a stainless steel rod driven to refusal, encased in a 13 cm PVC pipe with an NGS logo cap (which was broken as of 2003) surrounded by concrete about flush with the ground. The mark is 35.36 m (116.01 ft) northeast of the centerline of the highway (slope measurement), 20.12 m (66.01 ft) north of a metal post supporting a trash container (slope measurement), 16.31 m (53.51 ft) north-northeast of the southeast metal leg of the sign (slope measurement) and 0.3 m (1.0 ft) south of a fiberglass witness post.

Looking northeast from parking area at mark 26 MDC 1976 (left of exhibit), exhibit, and bench mark (beneath person).

Close up of mark.
